

AquaProofXL™

PREMIUM WATERPROOF FLOORS

THE COLLECTION AQUAPROOF XL

AquaProof XL is a premium engineered waterproof laminate floor. Inspired by the beauty and day-to-day living, we offer realistic hardwood grain styles and commercial-grade durability. Aside from its beauty and durability, AquaProof XL was made to be 100% waterproof, simple to install, and extra easy to clean.

NANOTEK FINISH

- Protects against Scuffs, Scratches & Stains
- Provides Easy Cleaning
- Rated for Comercial Traffic

EIR

- Realistic Embossed in Register from Real Hardwood
- High Definition Decors & Rich Surface Textures with Enhanced Bevels

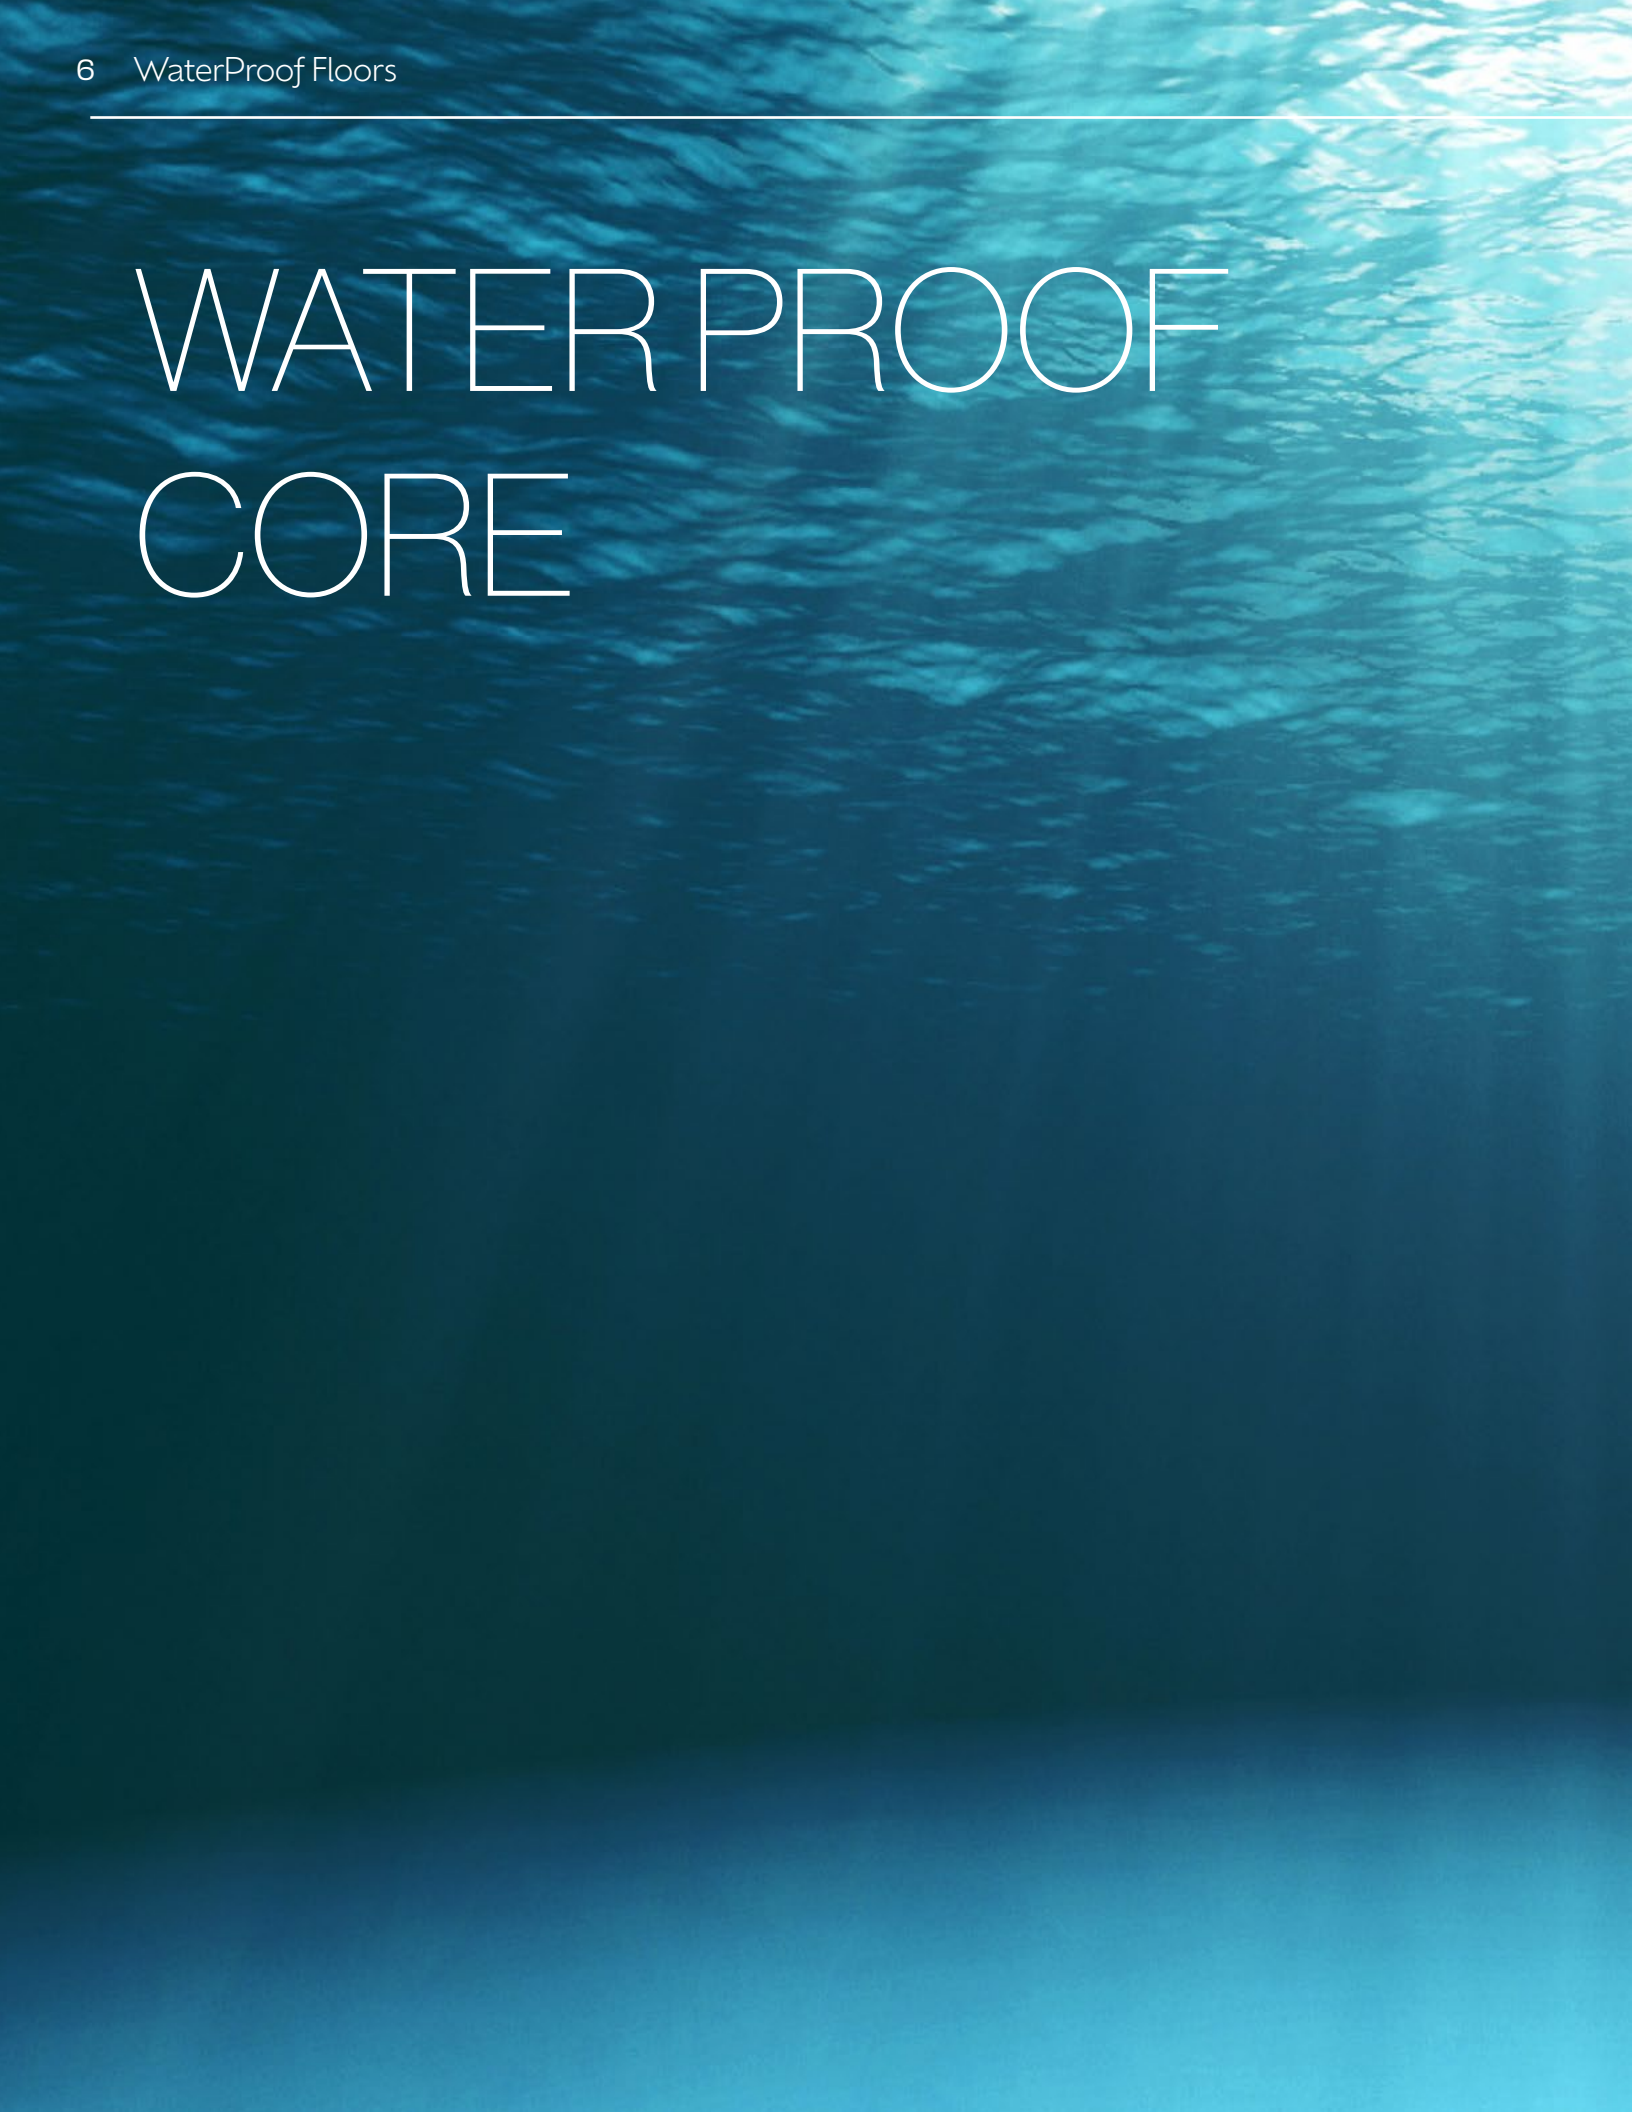
WATERPROOF CORE

- Eliminates Sub-Floor Telegraphing
- Prevents Mold and Bacteria
- Will not Expand or Contract under Normal Conditions
- Longer Transitions Runs

PREMIUM FOAM UNDERLAYMENT

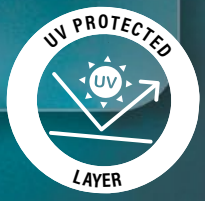
- Sound Absorption for a quieter environment
- Provides Warmth and Comfort Under Foot

WATER PROOF CORE



Our waterproof has passed extensive testing and water submerge testing to guarantee our 300 Hour Waterproof Warranty. Our flooring protects against everyday accidents and spills, with easy cleaning methods like wet mop, there is no need to worry about coffee, wine, pet mistakes, or every day messes.

AquaProof XL is coated with an UV protected layer to greatly resist the effects of sunlight exposure and will be far more fade-resistant than other comparable flooring products.



EMBOSSED IN REGISTER TEXTURE

Embossed in Register (EIR) Texture gives an appearance of wood grain indistinguishable from real hardwood. This process intensifies the texture, depth, and appearance of the floor. This along with enhanced bevels within the embossed planks bring high definition and rich surface textures to your home decor.

ENLARGE YOUR SPACE WITH AQUAPROOF XL

Discover an impressive 9.3” wide planks in our Aquaproof XL collection. These wide planks create a sense of extensive harmony, making any room feel larger and more inviting.
