- Sound Absorption for a quieter environment
- Provides Warmth and Comfort Under Foot

# WATER PROOF CORE

AquaProof is family friendly, it has no added urea-formaldehyde. Certified by FloorScore, our floors are chemical free and promote safe Indoor Air Quality.

AquaProof waterproof PVC Free core outperforms most waterproof floors in terms of overall performance, durability, and also 100% Plastic Free!  AquaProof overall thickness enhances the patented locking system providing a stronger stable and rigid floor compared to a SPC floor. AquaProof is perfect for any room and large installation areas.

# SUPERIOR FINISH

NanoTek Finish provides the best protection against scuffs, scratches & stains no other typical finishes can compete. AquaProof features an AC4 highly resistant scratch and wear rating, perfect for residential and commercial use.
